

ALLERGEN IDENTIFIER

We know many of our valued Guests have varying degrees of food intolerances and allergies they deal with daily. To ensure you have a safe experience, please review the following information to assist you with selecting menu options that best fit your individual needs.

This location is a shared kitchen and additional allergens, peanut, shellfish and tree nut allergens are present in this kitchen. Shared kitchen operations involve shared cooking, preparation areas and tools; for that reason the possibility and risk exists for allergen-containing food items to come in contact with other food products.

If you have specific questions about food allergies or sensitivities, we recommend that you contact your medical professional. This guide is updated periodically; we suggest you check back each time you order with us.
